

# Aqueous Cleaner

## About Product

We have designed specialized heavy duty yet non corrosive aqueous cleaners. IROX™ aqueous cleaners are extremely effective in removal of heavy deposits & contaminations of various oils, oxidation deposits, carbon soils & forbidden soils. By using IROX aqueous cleaners you one can avoid heavy mechanical operations of surface preparations. Does not generate fumes, bad odour while cleaning & non harmful to user skin. IROX™ aqueous cleaners are suitable to use by spraying, wiping, or by dipping. Our aqueous cleaners are free from caustic & corrosive chemicals so non harmful to aqueous surface. We have specialized variants of aqueous cleaners depend upon the type of aqueous surface. RIO aqueous cleaners are highly concentrated in original form & can be effectively diluted with water for economical use.

## Method of Use:

Spraying, Dipping
