

Parts Cleaner

About Product

We have designed specialized heavy duty yet non corrosive parts cleaners. IROX™ Parts cleaners are extremely effective in removal of heavy deposits & contaminations of various oils, oxidation deposits, carbon soils & forbidden soils. By using IROX parts cleaners you one can avoid heavy mechanical operations of surface preparations. Does not generate fumes, bad odour while cleaning & non harmful to user skin. IROX™ parts cleaners are suitable to use by spraying, wiping, or by dipping. Our parts cleaners are free from caustic & corrosive chemicals so non harmful to parts surface. We have specialized variants of parts cleaners depend upon the type of parts surface.
