

# Solar Panel Cleaner

## About Product

We have designed specialized heavy duty concentrate fluids for cleaning of solar panels. Extremely effective in removal of heavy deposits of soils, metal particles, carbon deposits & any other forbidden soils. Safe to user skin & does not generate fumes, bad odour while cleaning. Supplied in concentrated form & effectively diluted with water for economy & convenience. IROX solar panel cleaners are suitable to use by spraying, wiping, or by spray washers. Our SPC is free from corrosive chemicals, caustic so non harmful to surface of solar panel. We have specialized variants of solar panel cleaners depend upon the type of soils & deposits.

## Method of Use:
