

## **Heavy Eco Friendly Cleaners**

We have designed specialized Eco friendly cleaners for various industrial applications of parts & components cleaning. IROX™ Eco cleaners are very effective in removal of heavy deposits of sticky oils, process oils & many other metal working fluids. Does not generate fumes, bad odor or mist while cleaning in manual use or by machine use. IROX Eco friendly cleaners are suitable to use by spraying, dipping or by wiping out. Our cleaners are free from corrosive chemicals so do not cause rusting. All our Eco friendly cleaners are free from chlorine & sulphur so do not have bad odors neither they are harmful to users health. We have specialized variants of Eco friendly cleaners depend upon the oils to be removed, drying time & method of use.

### **Benefits**
